**Transfer Admission Guarantee  
Between the Los Angeles Community College District  
and Paine College**

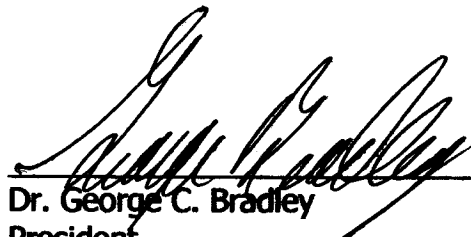

The attached document establishes a transfer admission guarantee between the Los Angeles Community College District (LACCD) and Paine College. In entering into this agreement, the Los Angeles Community College District and Paine College have several goals, which include:

- Assisting prospective transfer students at LACCD to progress toward their baccalaureate degree goals;
- Enabling LACCD students to follow a course of study that allows them to begin upper division course work immediately upon transfer;
- Assuring LACCD students that if they follow the terms of their approved transfer agreement, they are guaranteed admission to Paine College in the term agreed upon;
- Facilitating cooperation between the counseling offices and the transfer centers at their respective institutions.

Paine College in partnership with LACCD has developed transfer procedures to implement this guarantee. To assure that the transfer admission guarantee remains current, the respective parties to this understanding agree to consult regularly on issues of enrollment, articulation, and program change. The goal of both LACCD and Paine College is to minimize barriers to transfer and to increase the number of students who successfully complete the baccalaureate degree.
